

User Acceptance Testing (UAT) Template

Date	20-06-2025
Team ID	LTVIP2025TMID53224
Project Name	HouseHunt: Finding Your Perfect Rental Home
Maximum Marks	

Project Overview:

Project Name: HouseHunt

Description: HouseHunt is a full-stack rental housing platform designed to help renters find, filter, and book rental properties while enabling property owners to list and manage their listings. Admins ensure platform integrity through verification and monitoring tools.

Project Version:v1.0.0

Testing Period: 20-06-2025 to 2025

Testing Scope:

- User registration and login
- Property Search and Filter
- Booking & Inquiry Process
- Owner Property Management
- Admin Verification and Monitoring
- Real-Time Messaging
- Notifications and Dashboard updates

Requirements to be Tested:

- As a renter, I want to search properties using filters and book a rental.
- As an owner, I want to list, edit, and delete properties.
- As an admin, I want to approve owner accounts and monitor the platform.
- As a user, I want to communicate via messages and receive booking status notifications.

Testing Environment:**Testing Environment**

- **URL:** <https://househunt.example.com> (Use actual deployed URL)

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
